

**PPD Learning Ltd**

*NLP for the 21st Century*

An innovative, new NLP seminar  
for PPD Learning from Robert Dilts

## From Surviving to *Thriving*

The 4 keys to a successful and  
meaningful professional life.

**With Robert Dilts**

*26-28 February 2010*

In times of crisis and change people can sometimes lose their bearings and confidence.

In this innovative new seminar, developed from Robert Dilts' most recent research, you'll learn practical skills to achieve good business results, personal mastery, ethical influence and how to create deeper, more generative peer relationships.

This is the radical, new approach to '*work-life integration*' - the essential, transformational principles, practices and tools for success with integrity in our changing world.

“ *This is the real promise of systemic NLP - to develop the skills and tools we need to thrive and grow in our challenging and dynamically changing world.*

*At PPD Learning we offer the kind of transformational NLP that profoundly engages with the kinds of problems people face today.*

*Robert Dilts is simply one of the world's foremost, generative NLP trainers and we are delighted, once again, to be presenting his inspirational, pioneering work.* ”
