

NLP Practitioner Business Benefits – 21 day Programme*

Thinking Styles

Communicating, selling and negotiating in language people can respond to.

Relationship and Communication Skills

Rapport with customers, clients, team-members etc – understanding values and motivation.

Goals

Creating clear goals with defined actions – clarity of purpose and direction.

Problem Solving

Solving problems in effective, systemic results-focussed ways.

Levels of Learning and Change

Understanding which tools and approaches to use to create the changes you want.

Emotional Intelligence

Sustaining high performance, managing stress, awareness of self and others, inspirational leadership.

Conversational coaching

Using powerful questions and suggestions to coach and collaborate.

Modelling Best Performance

Modelling your best performers to find the unconscious 'success factors' to teach to others.

Joining us on the PPD Learning Complete Practitioner Programme you'll get...

- More focused and productive meetings
- Improved, more effective communication
- Better work relationships and more creative collaboration
- Healthier work-life balance to sustain top performance
- Problem-solving in more rapid and systemic ways
